The Flora Culturist...

Join Stacey for a hands-on workshop and discussion as she demonstrates organic structures as the foundation of a variety of floral designs. Explore new techniques and mechanics to inspire your next creations. Bring your tools and create your own guided version of designs rooted in nature.

Artist Stacey Bal celebrates the value in the vast diversity of the floral industry by wearing many hats including educator, consultant, event designer, magazine contributor and product developer. As the owner of The Flora Culturist, she energetically expresses her ever-evolving point of view with unexpected materials and unique combinations of botanicals. A lover of adventure, she travels as a freelance artist and speaker. Stacey's continued lifelong educational journey through various arts and horticulture are met with her experience as a second-generation floral designer. She is recognized for bringing a fresh perspective and strong voice to the visual arts community most recently as a feature artist at Art Basel Miami in 2019. Internationally published, her latest work is featured in the 2018-2019 International Floral Art Book by Stichting Kunstboek. Leadership is one of Carlton's strongest attributes which she demonstrates as the Marketing Manager for the the European Master Certification program, as a board member for In The Realm of Senses and as a member of the Floriology Education Team.
